

CBB Asia Family Office's services are offered to wealthy Asian's families, mostly from China, Thailand, Cambodia and Vietnam. First, we provide the family an ability to travel freely in the entire world by using second EU Passports that we can provide them in six months. We offer our clients to diversify their portfolio in offshore assets, like deposit their free cash in worldwide reliable banks, by a way that those cash resources will be available for them, at any location. We also recommend on mid-term & long-term investments opportunities, such as operational business, real estate properties or financial assets.
